Japan Jewellery Fair (JJF) is the leading jewellery trade fair organised by the Japan Jewellery Association together with UBM, which also organises the June and September Jewellery & Gem Fairs in Hong Kong. Ever since its launch in 1993, this three-day premier jewellery event has attracted over 16,000 buyers each year from all over the world. The fair provides the perfect opportunity to view high-quality products at extremely competitive prices, to network with international trade companies and to gain insight into the latest market trends and developments. The fair also provides the chance to preview new products and the latest collections, before participating at the largest trade event in Asia, the September Hong Kong Jewellery Fair. This is a high-quality, business-to-business jewellery trade platform that you cannot afford to miss!
